Hi Mark and Don, I called Don on Tuesday July 22 and left a message regarding the start of field work. I called Mark Wednesday and left a message but I haven't heard back yet from either of you. As you know, I am concerned about the start of the field work, we have had difficulty getting this project in the field. Please call me and let me know what the schedule is.

Field work must begin on Friday July 25 or stipulated penalties will begin on Saturday July 26 as per the consent order.
